Chief Warns On Incinerator Registration

Fire Chief Gerald D. Browne of the Albany Fire Department wishes to bring to the attention of all citizens of Albany the need for registration of incinerators with the Air Pollution Control District.

Those persons whose incinerators are utilized exclusively in connection with any structure, which structure is designed and used exclusively as a dwelling for not more than two families, need not register. All other facilities fail under this registration requirement.

As a public service the Albany Fire Department has registration blanks available at the fire headquarters, 801 San Pablo Avenue. If any question should arise regarding this regulation the Chief advises that the Air Pollution Control District headquarters in San Francisco be contacted. The office is located at 1480 Mission Street, San Francisco 3, California. The telephone number is Klondike 2-1300.

Regulation No. 2 of the Bay Area Air Pollution Control District or more commonly referred to as the "Smog Control" will become effective January 1, 1961. This then becomes public law upon that date.

Drivers Warned Of 'Blowouts' in Summer Weather

High speed, hot weather driving increases the chances of a tire blowing out and causing a serious accident, warns the California Highway Patrol.

The fact that blowouts do not occur as often as they did in the past makes them even more hazardous because the average driver does not know how to cope with them, in the opinion of CHP Commissioner Bradford M. Crittenden.

"Most motorists do exactly the wrong thing when a tire blows out," he declared. "They apply the brakes heavily, usually throwing the car out of control and causing a rollover or a collision with another vehicle or some fixed object along the roadway."

"The proper technique when a blowout occurs is to take your foot off the accelerator and allow the car to slow down by itself, meanwhile holding the steering wheel firmly to prevent the car from swerving. When the car has slowed to a speed where control is sure, the brakes may be applied gently to bring the vehicle to a complete stop."

Chamber Chatter

By SUSAN MCGUIRE

On Thursday, September 18, the Albany Chamber of Commerce held its monthly Membership Luncheon — the Chamber was honored in having as its guest speaker, George Taylor, Secretary of the Alameda-Contra Costa County Transit District.

Mr. Taylor's subject was the proposed Progressive Transit which would serve the East Bay.

Last week, the Board of Directors for the Transit District met, and formally approved the sale of 16 1/2 million dollars worth of bonds. On September 7 of this year, these bonds will be on sale. Seven and one half million dollars of this sum will be used to buy out the Key System — October 1 is the proposed Red Letter Day for the over-night transition from the Key System Line to the new progressive Transit Lines.

The remaining funds will be used to purchase new equipment. The new buses will feature picture windows with tinted glass for eye comfort, they will be air conditioned, and the passengers will enjoy a cushion ride.

Many refinements will be the result of this modern progressive transit — there will be an improvement in service, the bus schedules will be tightened and the buses will arrive at their destination as close to the designated time as is humanly possible.

There is also a proposed training program for all drivers, which the board feels is necessary to give the best service to all customers.

The vehicles will be manufactured by General Motors and there will be a total of 25 new buses in November and others will be purchased within 18 months, and at this time the old Key System equipment will be retired.

It was a policy decision of the Transit Board, that all Key System personnel be hired in a comparable position if their record is satisfactory. This decision excludes the top three executives of Key System.

Irene Grove is still away in Kansas, but we are happy to report that her mother is in better physical condition and we expect Irene back on Monday of next week.

Mrs. Hann and her husband, Austin R. Hann, live at 625 Curtis Street, Albany.

AN EDITORIAL

HAS FREEDOM OF SPEECH DISAPPEARED FROM ALBANY?

The Albany City Council has a vacancy due to the resignation of Councilman Cirimeli and the council has reached an impasse in the selection of a replacement. Mayor Zahn and Councilman Carlevaro have insisted they will appoint only Paul R. Boyich, while Councilmen Blank and Howell have stated they will consider all candidates that are submitted by Mayor Zahn and Carlevaro.

At last Monday night's council meeting, a citizen's committee asked for the floor under the "Good of the City", to ask several questions on the qualifications of Mr. Boyich to serve as a councilman.

The committee's spokesman, Mrs. Elda Foott was gavelled down by the Mayor and refused the right to either question Mr. Boyich publicly or to discuss his qualifications for office. Another citizen, Mrs. Virginia Moody, presented a petition to the council signed by 85 persons, asking that prior to the appointment of Mr. Boyich, his qualifications for the council post be investigated. Mayor Zahn, again wielding the gavel, refused to allow this to be discussed. This, in spite of the fact that the Mayor had publicly announced at the previous meeting that all personnel discussions would be conducted only on the floor of the council in open meeting.

It seems obvious that the Mayor in refusing citizens the right to publicly discuss the qualifications of a proposed public official is not only denying the citizens their constitutional right of freedom of speech, but is also denying Mr. Boyich the right to publicly answer any questions that may be asked him as to his background and qualifications.

It would appear that Mayor Zahn is purposely trying to prevent agreement with the other councilmen so that she can personally appoint her own candidate at the end of 30 days.

We suggest that at the next council meeting, Mayor Zahn allow an "any and all" public discussion on the qualifications of any individual proposed for this most important position. The citizens have a right to know everything about their public officials and any aspirant for public office must expect to answer questions by the citizenry. To place a gag on citizens in an open city council meeting is the denial of every democratic right of our people. We urge the public to attend next Monday's meeting and participate in this important discussion and we urge the Mayor to throw the meeting open to questions.

Albany Lions Club To Meet at Plaza

The Albany Lions announce they will move their meeting place to Kirby's new banquet room in the El Cerrito Plaza on September 1. The day and time will remain the same, Thursday at 7 p.m.

President Henry Villa states the steady growth of the club over the past year now places the Lions in a position where local facilities have become inadequate, and this unwelcome move became necessary to accommodate the large attendance at the dinner meetings.

Lion Hubert Call will be in charge of the program for their first gathering in El Cerrito and is arranging for several special events. Visitors and guests are welcome. Dinner, \$2.75.

Albany Gets \$156.78 From State PUC

The California Public Utilities Commission today allocated an additional \$156.78 to the City of Albany for installation of an automatic gate with flashing lights at the Buchanan Street crossing of the Southern Pacific tracks.

Original estimate of cost of the project was \$9620, but the work actually cost \$10,247.10. The \$156.78 is half the city's share of the additional cost, with the city and railroad dividing the total equally.

V.F.W. Auxiliary Announces 60-61 Writing Contest

The opening of its 26th annual National High School Writing Contest was announced today by the Ladies Auxiliary to the Veterans of Foreign Wars. The topic will be "Law and the Free Citizen."

Students in all public, private and parochial high schools are eligible to enter the contest. State and local contest winners receive additional Auxiliary awards which vary with the community.

The writing contest was begun by the VFW Auxiliary in 1935 to encourage young people to think and write on patriotic subjects. During the last school year more than 30,000 students from all 50 states entered the national contest. Leo Hoegh, director of the Office of Civil and Defense Mobilization, served as chairman of the national judges.

Further information on the 1960-61 contest may be obtained from local Auxiliary units, or from the Contest Department, VFW Auxiliary, 406 West 34th Street, Kansas City 11, Mo.

'GAG RULE' CHARGED IN COUNCIL MEETING

With a rather brief and routine agenda Monday night's city council meeting was expected to be over in less than half an hour.

As a matter of fact the session was extended to more than an hour and a half when Councilman Jerome Blank and several citizens in the audience attempted to obtain the floor to discuss the qualifications of a possible candidate for the current vacancy in the Council caused by the resignation of Councilman and Vice-Mayor Cirimeli because of ill health.

Refusal of the Mayor to permit Councilman Blank to propose a motion to restore the salary cuts and cuts in personnel in the Recreation Department, brought a charge of "gag rule" from the councilman, and an opinion from the City Attorney that the councilman was entitled to be heard. The motion finally was offered and seconded by Councilman Howell, but lost on a tie vote.

Mrs. Eldon Foott, who said she had been asked to present a series of questions on a proposed aspirant for the vacancy in the council, was refused permission to read a prepared list of questions and to speak on the subject. Toward the close of the meetings there were several requests for permission to speak from people in the audience, but they were told they would have to declare "what they intended to discuss" or they would not be accorded the floor.

The City Attorney was again appealed to and he declared such a demand had never been made before, and that "the citizens had never been gagged." Councilman Carlevaro took up the gag on behalf of the Mayor, and attacked both Councilman Blank and Mrs. Foott.

The Mayor announced that any charges that might be offered against her candidate for the councilman post would have to be made in writing, signed and notarized. She also stated that she would set the date and time for hearing any such charges for Thursday, August 25.

However, the Mayor made it plain that no questions or charges would be heard at the Thursday afternoon meeting unless they were presented in writing, and carrying the notarized signature of the citizen who filed them.

In a report from City Engineer John H. Wright he stated that Ninth Street in University Village has been abandoned as a public street, and that it would be advisable to provide a name for an unnamed street in that area.

Mayor Zahn then suggested that in view of the fact that Albany now has its first woman mayor, this would be an opportunity to permanently record this fact by naming the street, "Zahn Street" or "Zahn Avenue." She immediately announced this was merely a joke on her part.

With the question of the appointment of a new councilman still under discussion, Councilman Howell moved to adjourn. The vote carried 3 to 1, Councilman Blank voting "No."

S.F. Boys Chorus Will Feature Crusade Dinner

The voices of the famous San Francisco Boys Chorus will herald the opening of the 1960 United Crusade campaign at the joint Alameda Contra Costa county "Kick-Off Dinner" scheduled for September 15 at the Scottish Rite Auditorium in Oakland.

The announcement came this week from Mrs. Leonard M. Chaney, chairman, and Carl W. Rehlfuss, vice chairman of the two-county dinner program committee.

The boys, whose ages range from 8 to 14 years, are best known to Bay Area audiences for their performances in the operas "Carmen," "La Boheme" and "Tosca," and have recorded "Boris Godunoff" for RCA Victor with the San Francisco Symphony Orchestra under the baton of Leopold Stokowski.

Since 1948, when the chorus was first formed by Kurt Adler and the late Gaetano Merola, the boys have sung under the direction of Miss Madi Bacon (of Berkeley), sister of composer Ernest Bacon who founded the world famous Carmel Bach Festival.

The dinner program, which in previous years has drawn over 1,000, will also include as its key speaker Dr. W. Balentine Henley, General Motors executive, as well as a prominent figure from the entertainment world who will serve as master of ceremonies.

Mel Torme, one of the most versatile and popular performers in show business, has been added to the growing list of artists who will appear at California's 1960 State Fair and Exposition.

Recording, motion picture, and TV star, Torme will appear with the State Fair Orchestra in a series of concerts September 5 through 10. In the recording field, Torme is best known for his own composition "What Is This Thing Called Love" which he has recorded with Artie Shaw. Other Torme tunes include his "Lament to Love" and "California Suite" to name a few. His movie hits include "Higher and Higher" with Sinatra, "Good News," and "Pardon My Rhythm." A television favorite, Torme has appeared with every musical and variety performer. Torme's dramatic TV triumph in "The Clown" in which he appeared on Playhouse 90 with Mickey Rooney is well remembered.

Mark off a spot on the calendar because California's 1960 State Fair opens on August 31. Featuring flowers and fun and pretty girls, a horse show, thrill shows, a 10 day racing program, four day rodeo and the national championship NASCAR auto race, this year's Fair will be bigger and better than ever.

More than 5,000 head of livestock will be quartered on the grounds as the Fair opens. Exhibits at this year's Fair, other than livestock, cover 1,345,000 feet of indoor floorspace and more than 1,000,000 square feet of outdoor space. Features of this year's Fair include the lovely Hall of Flowers, the vast Counties Show in the Counties Building, and the Art Show which will include water colors, oils, ceramics, sculpture and photography. Again this year a full 10 day horse race program has been scheduled for the Fair.

The West's oldest horse show is scheduled to get under way with the opening of the State Fair, August 31. The horse show will be presented on the first eight nights of the Fair, followed by the big rodeo, on the final four nights. Besides regular events, special riding groups will make their appearances at both the rodeo and horse show. Three mounted sheriff's posses from Nevada, Utah and Idaho will present performances as will the Sacramento Sheriff's Mounted Posse and brightly costumed Mexican Charros of Sacramento.

Commercial and amateur flower lovers and florists have been hard at work preparing a floral display that will turn the Fairgrounds into a vast, exotic garden. The Hall of Flowers, the

big, outdoor gardens, plus flower arrangement exhibits of cut flowers now under cultivation by State Fair gardeners, add up to a million blooms. The exhibits will range from marigolds to rare orchids.

Approximately 40 of the best stock car drivers in racing today will drive in a national championship NASCAR race on the final day of the California State Fair. This 100 mile race, held annually on the final Sunday of the Fair, is expected to attract race fans from throughout the west. This annual event now has grown to one of the largest stock car events held each year in the west and now attracts national attention.

Which wedding gift grows more valuable each year?

Somebody thoughtful remembered them with a Savings Bond—a wonderfully welcome gift for any bride and groom. For security is just as important as the china and furniture and silver they need to start their life together.

And Savings Bonds represent security that grows with safe, sure earnings compounded semiannually. Why not drop into your bank today and order a Bond for the Bridal couple closest to you. For their future—and for your own—there's no finer investment you can make.

Suggestion for June bridegrooms:

One of the easiest and surest ways to provide financial security for your new family is through the convenient Payroll Savings Plan. This Plan does your saving for you—and invests that saving in interest-earning E Bonds. Sign up for it now at your company's pay office. Just tell the people there how much you want to save, and they'll put that amount aside for you each payday. When enough accumulates, they'll buy and turn over to you a Series E Bond. As the Bonds pile up and add their interest to the total, just watch that nest egg grow for the security of your family and your nation.

Letter to Editor

August 23, 1960

Albany Times,

Has Freedom of speech ended in Albany? At last Monday's council meeting, citizens of Albany were denied the right to speak and question the qualifications of the Mayor's proposed

22-20, 21-11; Mike Spearman over Victor Etchegorry, 21-13, 21-17; Mike Hadsell over Rich McLean, 21-11, 10-21, 13-21; Sandra Mikulich over Mike Hadsell, 21-15, 21-16.

appointee to the City Council. Why is the Mayor of Albany attempting to suppress information which we, as a free people, have a right to know?

We are seriously concerned with the background and qualifications of this proposed appointee.

We demand the right to present our questions in open council meeting on Monday, the 29th of August.

Signed,

One of the best — with no harmful after effect — is MONEY IN THE BANK (especially Mechanics). MONEY WORRIES play an important role in human troubles — crime — violence — suicide — mental and physical illness. Of course, there are other factors, but, lack of money does contribute. The moral is obvious — and MECHANICS is the place.
